

SERVICE **SUMMER PERIOD 2025**

The summer period is approaching. To help you prepare your logistics optimally for this time, we would like to share the following information with you.

CENTRAL EUROPE...

THE NETHERLANDS, BELGIUM, LUXEMBOURG, GERMANY, AUSTRIA, SWITZERLAND, AND THE UNITED KINGDOM

Our services in Central Europe will remain active throughout the summer period. However, from week 31 through week 34, the pickup and delivery of shipments may occur less frequently. This could result in longer transit times than you are used to.

NORTHERN EUROPE...

DENMARK, NORWAY, SWEDEN, AND FINLAND

Our services in Northern Europe will also remain active throughout the entire summer period. However, from week 29 through week 32, the pickup and delivery of shipments may occur less frequently. This may cause shipments to be in transit longer than usual.

SOUTHERN EUROPE...

FRANCE, ITALY, PORTUGAL AND SPAIN

In Southern Europe, the impact of the summer holidays is more significant. From week 32 through week 34, many businesses will be closed due to collective summer shutdowns. As a result, shipments may be delayed or temporarily unable to be picked up or delivered.

To ensure that your consumer shipments (B2C) arrive at their destination in Southern Europe before the summer holidays, we must receive your goods by week 28 at the latest. For business shipments (B2B), the final receiving week is week 29, with the exception of shipments to the islands, Portugal, southern France, and southern Italy; for these destinations, week 28 also serves as the deadline.

PLEASE SHARE YOUR SUMMER SCHEDULE WITH US

We would appreciate it if you could inform us whether you and/or your pickup and delivery locations will be closed or have limited opening hours during the summer period. If we do not receive any notice to the contrary, we will assume that shipments available for pickup can also be delivered to the final destination.

Our offices and warehouses will remain open throughout the summer period, and we will be available each day as usual.

YOUR CONTACT PERSON IS HERE TO HELP

Also during the summer period, we are committed to providing the best possible logistics solutions for your shipments. Do you have any questions or specific requests? Please don't hesitate to contact your designated contact person. They will be happy to assist you personally.
