

Spring holidays 2026

Dear valued customer,

Spring is just around the corner! This means that the spring public holidays are approaching again. In many European countries, driving bans for freight traffic apply during these holidays.

These restrictions may affect our services. In the overview below, you can see on which days delays may occur.

Week	Date	Holiday	Reason for possible delay
14	Friday, 3 April	Good Friday	International service will not be available on this day.
15	Monday, 6 April	Easter Monday	No service; delays on Southern European routes and Ireland. Office and dispatch will be closed.
18	Monday, 27 April	King's Day (NL)	No service in the Netherlands. Office and dispatch will be closed.
18	Friday, 1 May	Labour Day	No service in Europe; service in the Netherlands continues as normal.
19	Tuesday, 5 May	Liberation Day (NL)	Normal service.
19	Friday, 8 May	Victory in Europe Day (FR)	Adjusted service in France.
20	Thursday, 14 May	Ascension Day	Adjusted service across Europe. Office and dispatch will be closed.
22	Monday, 25 May	Whit Monday	No service; delays on Southern European routes and Ireland. Office and dispatch will be closed.
29	Tuesday, 14 July	Bastille Day (FR)	Adjusted service in France.

Naturally, we will do everything possible to minimise any deviations from the planned delivery dates. Your customers will, as you are accustomed to from us, receive a notification once we deliver the shipment.
